Zoom Outdoor Table

Ultimate Outdoor Versatility
Elevate your outdoor setup with the Zoom Outdoor Table, the perfect blend of durability, functionality, and design excellence. Ideal for trade shows, exhibitions, festivals, and corporate events, it delivers professional quality and portability wherever you need it. Available in 1.5m and 1.9m lengths, it pairs seamlessly with the renowned Zoom Tent range for a cohesive display solution.

Adjustable & Reliable Performance
Designed for maximum flexibility, the table features five height settings (654 / 750 / 786 / 865 / 945mm), allowing you to customize your setup for comfort and presentation impact. Built for strength and stability, it supports 70–80kg (1.5m model) and up to 120kg (1.9m model), ensuring complete confidence during any event.

Built for Strength & Style
Utilising the same robust framework technology as the Zoom Tent range, the table offers long-lasting reliability and can be upgraded with optional foot weights for enhanced stability in windy conditions. Add flag clamps and compact promotional flags to create a dynamic, branded display that stands out from the crowd.

Zoom Outdoor Table
