

PORTABLE EXHIBITION DISPLAYS / KEY TAKEAWAYS

Same 3m wall, twice the price?

What should a 3m display cost, and how do you avoid comparing apples with oranges? We priced 13 like-for-like 3m walls from 7 UK suppliers, plus lightboxes and 3m x 3m kits, under fixed rules.

1 Expect to pay about £400 ex VAT for a 3m straight fabric backwall with its print and bag.

Across 13 like-for-like prices from 7 UK suppliers the median was £399.00 ex VAT (£478.80 with VAT), and the middle half sat between £335.00 and £446.95. Single-sided walls had a median of £393.98 (6 suppliers) and double-sided £442.00 (7 suppliers). A quote well outside £299.95 to £650.00 is probably a different product.

2 A second printed side should add little on a fabric wall: check before you pay for it.

On 5 of the 8 fabric walls sold in both versions the double-sided print cost £50.00 or less extra (median £46.50, 11.49%), and 2 charged nothing. The highest was £147.00. On lightboxes the second face added £0 to £170.00.

3 The same frame is sold at very different prices, so shop the retailer, not the brand.

The Formulate straight 3m frame (2.95 x 2.38m) is a manufactured system resold by several retailers. With print and bag it cost XL Displays £335.00, Displays UK £389.00, Marler Haley £440.00 ex VAT: the dearest 31.3% above the cheapest for the same hardware, and Displays UK's price already includes double-sided print. A fourth retailer lists it at £449.34 but does not say whether a bag is included.

4 The headline price leaves out lights, artwork, delivery and VAT, which can add hundreds of pounds.

Lights are an add-on: clip-on LEDs cost £70.00 to £97.00 extra at the 2 suppliers that priced them. Artwork design, if you have no print-ready file, ran from £34.95 to £195.00. Delivery for one wall was free at 3 of 7 suppliers and cost £15.00 to £24.99 ex VAT at the other 4, read from each supplier's own basket. VAT adds 20%. A lit lightbox is a different product: £899.00 to £2,063.00 single-sided, more than double the unlit median.

5 Complete 3m x 3m kits are hard to compare because most headline kit prices leave something out.

Only 1 of the 8 suppliers we checked published one price for an L-shaped kit with two printed walls, a printed counter and transport. The others left out the counter or the second wall, or used a different system such as pop-up or lit frames. Ask for an itemised quote before comparing kit prices.

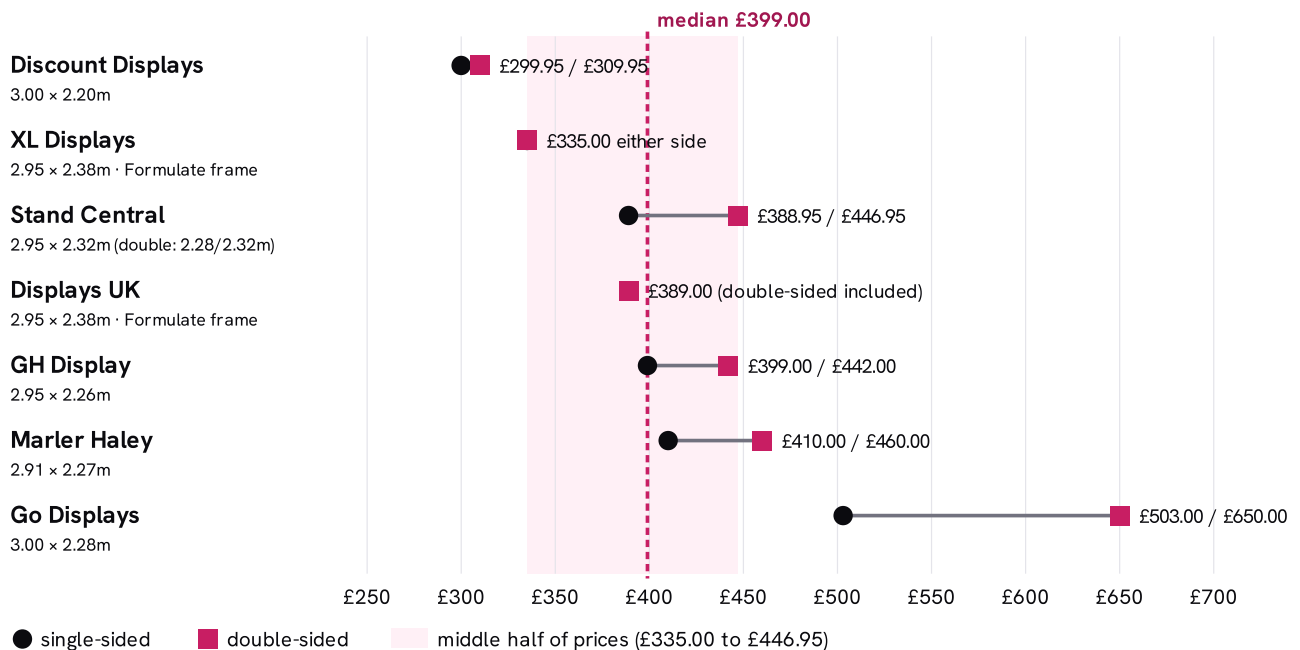

Commissioned by Stand Central, which sells exhibition displays; its products were assessed under the same rules as every other supplier. Stand Central is not claimed to be cheapest or the only option. Not a UK market benchmark or quality test: a purposive sample of public quantity-one offers.

01 / THE PRICE BAND

Budget £335 to £447 ex VAT for a 3m straight wall.

A 3m fabric backwall costs about £400 ex VAT

13 like-for-like prices · 7 UK suppliers · quantity one · GBP ex VAT · print and bag included

Delivery, design and lights not included. Heights differ within the 2.2 to 2.5m band; no quality test.

Source: dated supplier pages, 28 Sep 2026 · Stand Central commissioned this audit and sells displays.

Configuration A: straight, non-illuminated tension fabric on a tubular push-fit frame, 2.8 to 3.1m wide and 2.2 to 2.5m high, printed graphic and bag included. One product per supplier per print option.

A quote well outside £299.95 to £650.00 ex VAT is probably a different product.

Check the size, whether the print and bag are included, and whether the price is ex or inc VAT before comparing.

01 / THE PRICE BAND, CONTINUED

The prices behind the band.

Supplier / sources	Assembled size	Single ex VAT	Double ex VAT
Discount Displays [QVDDA1] [QVDDA2]	3.00 × 2.20m	£299.95	£309.95
XL Displays Formulate frame [QA3-XLFM] [QA3-XLFM]	2.95 × 2.38m	£335.00	£335.00
Stand Central [A4-SCSS] [QVSCDSF]	2.95 × 2.32m single; double-sided height unresolved (2.28m and 2.32m both published)	£388.95	£446.95
Displays UK Formulate frame [QA3-DUK]	2.95 × 2.38m	Not sold single	£389.00
GH Display [QA3-GHD] [QA3-GHD]	2.95 × 2.26m	£399.00	£442.00
Marler Haley [QA3-MH] [QA3-MH]	2.91 × 2.27m	£410.00	£460.00
Go Displays [QVGOA1] [QVGOA2]	3.00 × 2.28m	£503.00	£650.00

A method change registered at 17:54 UTC, before collection, added seven UK suppliers for configuration A only, because three per print option were too few for a band. Event Displays (bag not stated) and Plus Display (no specification or VAT basis published) are unresolved; Backdropsource's 3m page is a lit 3m × 3m kit and is excluded. Second products from the same supplier are contextual only. Evolve's height and Instant's width remain unresolved.

02 / THE SECOND PRINTED SIDE

A second side should cost tens of pounds, not hundreds.

Fabric wall (same product)	Single ex VAT	Double ex VAT	Extra for second side
Event Displays [QA3-ED] [QA3-ED]	£449.34	£449.34	£0.00 (0%)
XL Displays [QA3-XLFM] [QA3-XLFM]	£335.00	£335.00	£0.00 (0%)
Discount Displays [QVDDA1] [QVDDA2]	£299.95	£309.95	£10.00 (3.33%)
GH Display [QA3-GHD] [QA3-GHD]	£399.00	£442.00	£43.00 (10.78%)
Marler Haley [QA3-MH] [QA3-MH]	£410.00	£460.00	£50.00 (12.2%)
Stand Central [A4-SCSS] [QVSCDSF]	£388.95	£446.95	£58.00 (14.91%)
Instant Exhibitions [Q016] [Q016]	£320.00	£419.00	£99.00 (30.94%)
Go Displays [QVGOA1] [QVGOA2]	£503.00	£650.00	£147.00 (29.22%)

5 of 8 fabric walls add £50 or less for double-sided print; 2 add nothing.

Ask for the double-sided price before choosing. Where a supplier charges well over £50 for the reverse face, compare it against a supplier that includes it.

On lightboxes the second face added £0.00 to £170.00 within the same product (section 05).

03 / WHAT THE PRICE LEAVES OUT

Lights, artwork, delivery and VAT are extra.

Supplier	Published add-on	Price ex VAT	Source
GH Display	Two LED lights	£70.00	[QA3-GHD]
XL Displays	LED lights for fabric displays (bundle offer)	£97.00	[QA3-XLF]
GH Display	Graphic design, per artwork	£195.00	[QA3-GHD]
XL Displays	Custom graphic design, per design	£195.00	[QA3-XLFM]
Marler Haley	Artwork design service	£40.00 from	[A3-MH]
Discount Displays	Design service	£34.95 from	[S007]
LED Lightbox	Graphic design service	£195.00	[S005]

Delivery for one wall: free at 3 of 7 suppliers, £15.00 to £24.99 ex VAT at 4, read from each supplier's basket. The same Formulate frame cost £335.00 to £440.00 with print and bag across retailers (31.3% spread).

Worked budget: one 3m straight fabric wall

Line	Low	High
The wall: frame, printed graphic and bag (middle half of prices)	£335.00	£446.95
Second printed side, if you need one (typical, fabric walls)	£0.00	£50.00
Clip-on LED lights, if wanted	£0.00	£97.00
Artwork design, if you have no print-ready file	£0.00	£195.00
Standard UK delivery, one wall	£0.00	£24.99
Total ex VAT	£335.00	£813.94
Total with 20% VAT	£402.00	£976.73

Low = middle-half floor with nothing added; high = top of the middle half plus the largest typical second-side increment, lights, design and delivery seen. Add-ons are published options, not bundled prices; they are never added to the comparison prices.

Three fixed specifications. Never pooled.

A

Straight fabric backwall

Non-illuminated tension fabric on a tubular push-fit frame. Width 2.8–3.1m; height 2.2–2.5m. Printed graphic and transport bag/case included.

Single and double-sided kept separate

B

Internally lit SEG backwall

Same width and height bands, with frame, LEDs, printed graphic and transport. PVC, aluminium, composite and unverified materials are not pooled.

A price pair is not hardware equivalence

C

L-shaped fabric stand

Nominal 3m × 3m, non-illuminated, two printed wall runs, one printed counter, all required frames/connectors and transport. Tubular and SEG constructions stay separate.

One wall is not an L-shaped equivalent

The original six: Stand Central, Go Displays, Display Wizard, LED Lightbox, Instant Exhibitions and Discount Displays. C additionally includes Printdesigns and Indigo Displays, registered before extension collection. A later change added Displays UK, GH Display, XL Displays, Backdropsource UK, Marler Haley, Plus Display and Event Displays for A only.

Original study plan fixed: 28 September 2026, 12:35:19 UTC. Follow-up frame/height change: 13:10:56 UTC. Internal timestamping, not external preregistration. Linked source IDs resolve to original pages and the source notes.

05 / LIGHTBOXES

A lit wall costs more than double an unlit one.

Single-sided lit walls in this sample cost £899.00 to £2,063.00 ex VAT (4 eligible products), against a median of £393.98 for an unlit fabric wall. Decide whether you need built-in lighting before comparing prices; clip-on LEDs for a fabric wall cost £70.00 to £97.00 where priced.

The second printed face on a lightbox added:

Supplier	Single ex VAT	Double ex VAT	Extra ex VAT
LED Lightbox [Q015]	£899.00	£899.00	£0.00
Display Wizard [QVDWB1]	£2,063.00	£2,099.00	£36.00
Go Displays [QVGOB1]	£1,179.00	£1,304.00	£125.00
Instant Exhibitions [Q023]	£899.00	£1,034.00	£135.00
Discount Displays [QVDDB1]	£1,424.95	£1,594.95	£170.00

One material-verified supplier remains in each PVC, aluminium and composite side stratum. No cross-supplier B range is published. Instant's material is unverified; Discount's full page conflicts between PVC and aluminium. Stand Central's Glopix print-inclusion wording remains unresolved. Directly verified side-price increments remain usable.

[Q005], [Q023], [QVSCBF]

06 / COMPLETE 3M × 3M KITS

One verified complete kit. No defensible price range.

Only 1 of 8 suppliers priced a complete 3m × 3m kit

Nominal 3m × 3m L-shape · two fabric wall runs + printed counter + transport

Stand Central	Verified	Complete published package verified
Go Displays	No match verified	Pop-up construction or one curved fabric wall
Display Wizard	No match verified	SEG kit: optional counter; pop-up kit differs
LED Lightbox	No match verified	Illuminated kit, outside non-illuminated requirement
Instant Exhibitions	No match verified	Required layout / composition not verified
Discount Displays	No match verified	One-wall kit or unassembled modular parts
Printdesigns	No match verified	L-shaped wall kits omit counter; bundle has one wall
Indigo Displays	Unresolved	Tension fabric / complete layout not established

One complete published kit out of eight suppliers investigated. No defensible C price range.

No match verified ≠ not sold. Separate component baskets were not substituted.

Public pages, 28 Sep 2026 · Purposive audit commissioned by Stand Central.

Eight investigated suppliers; all outcomes retained. The extension changes C only.

Stand Central's examined kit: £1,327.95 ex VAT.

Two nominal 3m walls with double-sided graphics; square counter with a single-sided graphic; connectors, corner foot and carry bags. Exact total printed area is not established.

[QVSCCF], [QSCVATCART]

One observed complete published package is not proof of exclusivity, superiority or a UK market price. Optional-counter, one-wall, illuminated and magnetic pop-up kits were not substituted. Separately assembled component baskets are outside this comparison.

07 / THE INCLUSION CHECK

A kit photograph is not a bill of materials.

Examined candidate	Primary-page evidence	Why C is not a match
Go Displays fabric [QGOC]	One curved 3m wall, counter, accessories	Not two L-shaped wall runs
Display Wizard QwikFRAME [Q028]	Two SEG wall runs; optional counter	Base price is incomplete
LED Lightbox FABRILUX [Q027]	Illuminated walls; optional counter	Different lighting class
Discount Pro Kit 1503 [Q018]	2.5m wall and printed counter	Only one wall
Printdesigns Modulate [QPD5] , [QPD6]	L-shaped tubular walls, bags	Contents omit counter
Printdesigns TEXStyle [QPD7]	Straight wall plus counter	Only one wall
Indigo Linear Kits 4/5 [QIN3] , [QIN4]	Linear frames, counter, transport	Tension fabric / complete layout not established

Outside the item price

Delivery to the actual destination, design scope, rush work and event services are not consistently priced. Unknown does not mean free. Bags, hard cases and wheeled cases are recorded as different inclusions, not equal quality.

Instant's assessed candidates remain in the appendix. Main walls plus smaller shaped displays, shelving or a podium did not establish the required composition.

[\[Q022\]](#), [\[QVIE4\]](#), [\[Q025\]](#)

What changed when the original pages were reopened.

Public VAT, not private settings

Stand Central's terms/footer did not establish a general product-price VAT label. The anonymous cart did: five product lines retained their advertised prices, totalled £5,369.75, then added £1,073.95 VAT to give £6,443.70. No address, checkout or payment was submitted. The basket was cleared.

[\[QVTERMS\]](#), [\[QHOME\]](#), [\[QSCVATCART\]](#)

A height band is not an exact measurement

Soft Touch publishes 2.28m and 2.32m; Infinity DNA publishes 2.40m and 2.42m. Both pairs fit 2.2–2.5m. Band membership is established while exact height and area stay null. The rule applies to every supplier.

[\[QVSCDSE\]](#), [\[QVSCALTF\]](#)

BIG LEDUP labels assembled height 2.32m and visible graphic height 2.30m: different quantities, not a contradiction. Evolve's artwork-template bleed cannot establish assembled height.

[\[QVDWB1\]](#), [\[Q021\]](#)

A previous B range was withdrawn

Discount's full lightbox page says PVC in the description/material answer but "sleek aluminium frame" in another FAQ. Both variants remain material-unverified. The earlier two-supplier PVC range is removed; the verified £170 within-product side increment is retained.

[\[Q005\]](#), [\[QVDDB1\]](#), [\[QVDDB2\]](#)

Source gaps are not absence.

The previously rate-limited Go fabric-kit page was recovered. Terms, footer, hidden specification tabs and exact variant selectors were checked.

Evidence to use. Limits to keep.

69

observations

30 primary variants + 39 contextual alternatives

20

rows pass analytical gates

Not independent suppliers

Selection and calculation

Purposive UK-facing retailers, predefined buyer requirements and quantity-one public offers. Physical eligibility, selected-primary status, known VAT and verified material gate price strata. Min/max stay within configuration, construction and print sides; singletons have no range. Paired increments subtract the single-sided price from the same product's double-sided price.

All 27 coverage cells remain: 13 have a physically eligible candidate, 6 are unresolved and 8 have no eligible match verified.

What we did not measure

No durability, print fidelity, installation-time or service-quality tests. No exhaustive cheapest-in-catalogue claim, statistical inference, national average, checkout acceptance or all-in exhibiting budget. Promotion expiry is unverified; offers can change.

Claim type	Confidence / basis
Stated prices and increments	High: original pages, selected variants and arithmetic
Broad physical comparability	Moderate: supplier descriptions, not inspected hardware
Conflicting exact height; unknown costs	Unresolved: nulls retained, no imputation
UK market or quality ranking	Unsupported: no such claim made

Structured data, exclusions, source links, formulas and chart CSV alternatives accompany the report. Raw source archives stay private. Refresh exact offers before reliance or release if stale. Biggest gap: only one C match across eight suppliers; no multi-supplier B material/side range.
